

Outdoor Spaces & Buildings

EXISTING SERVICES

Senior Volunteer Patrol (SVP)

- Volunteer work for 50+ under the direction of the Chula Vista Police Department. Services include vehicle patrol of residential and business districts, vacation home security checks, traffic control, disabled parking enforcement, and assistance at special events.

(619) 476-2417

Neighborhood Watch Program

- A partnership between police and residents to prevent crime and disorder in our communities.

(619) 691-5187

Green spaces, multi-modal streets, sidewalks, outdoor seating, and accessible buildings significantly influence older adults' ability to age in place. Broader environmental interventions, such as traffic calming measures and features of buildings required by safety codes, contribute to the mobility, independence, and quality of life of older adults. Promoting outdoor safety through police patrols, community education, well-maintained and non-slip pavements, and wider paths for wheelchairs support age-friendly communities.

Recent and Upcoming Projects

Streetscape—guided by Complete Street elements

- Third Ave.: Through SANDAG grants and CDBG funding, the historic main street of Chula Vista is getting a major face lift with a priority to shift from cars to pedestrians and bicyclists. This includes reduced number of car lanes (i.e. road diet), sharrows, and medians to create refuge for pedestrians.
- Main St.: Pedestrians felt unsafe because of the busy traffic and large trucks, so the master plan considered pedestrian concerns. For example, bulb-outs that make the crosswalk shorter.
- F St.: The goal of the master plan is to connect Third Ave. to the Bayfront by creating pedestrian promenades.
